PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket no. 519.—In re Franzel & Simon, Inc., Brooklyn, N. Y. The Acting Secretary of Agriculture on January 23, 1936, directed that a hearing be held to allow the applicant an opportunity to show cause, if any there be, why its application for license to engage in the business of buying, selling, and handling live poultry in commerce within and for the city of New York should not be denied. Such a hearing was held on January 31, and, from testimony given by the Government accountant who audited the books of the applicant, it was found that the applicant company had consistently lost money in its operations since the date of the application, to wit, November 13, 1935, and at the date of the hearing was practically insolvent and would be unable to fulfill its financial obligations as a licensee. Therefore, on February 20 the application for license of the abovementioned firm was denied.

Stockyards Posted

The Asheville Livestock Yards, located at Asheville, N. C., was posted as coming within the jurisdiction of the Packers and Stockyards Act on February 4, 1936. The Walden Livestock Market, located at Walden, N. Y., was also posted, on February 25, 1936.

NICOTINE DIP FOR SCABIES

Permission Withdrawn

Niagara Lime and Sulphur Solution, which was manufactured by the Oregon Spray & Gas Co., Portland, Oreg., and was permitted to be used in the official dipping of cattle and sheep for scabies, is no longer being produced and, therefore, has been removed from the list of permitted dips.

WARNING AGAINST POLITICAL ACTIVITY BY DEPARTMENT EMPLOYEES

Attention is again called to the civil-service rules which prohibit employees of the Government from political activity in city, county, State, or national elections, or in behalf of any party or candidate, or any measure to be voted on. The rules also prohibit employees from giving public expression of political views, acting as recorder, checker, watcher, or challenger of any party or faction, or distributing campaign literature, badges, or buttons, wearing such badges or buttons, displaying campaign signs or pictures of candidates, or requesting political work from subordinates.

Further particulars may be obtained from the Civil Service Commission, Washington, D. C.
